Classics 441: Archaeology of War
Spring 2018
MWF, 3:35 – 4:25**

Want to learn more about Greek and Roman land warfare from the Mycenaean Period to the Roman Empire? This class will examine the arms and armor of various types of soldiers, such as the Greek hoplite, the cavalryman, light troops, and the Roman legionary. We will also discuss tactics, strategy, logistics, detailed accounts of military campaigns, and much more!
